SHOW LEAVES HERE MINUS A GOOD TENT

Canvass Left as Security For Costs
in Case After Squire Stech De-
cides it Belonged to Showmen

FINDING FOR THE RAILROAD

Justice of Peace Stech Finds Nothing
Illegal Done by C. I. & W.
—Other Cases Are Decided

The tent show which was here for two weeks left the city yesterday for a new location, but the canvas tenting which was the cause of a suit Saturday, still remains to cover a debt. The tent was first alleged to have been stolen and taken to the C. I. & W. railroad, against whom a replevin suit was filed in order to recover.

The tent was recovered and evidence heard in the suit Saturday afternoon late, at which time Justice Stech held that the railroad company had not done anything illegal to warrant judgment against them, and he decided further that the tent belonged to the show people.

In all cases there is expense attached, and the expense of the case was assigned against the show people, and as they could not make the payment, they left the tent here to act as security until the \$5.25 is paid.

It also is understood that the hotel bill which was filed in an attachment suit in the circuit court was arranged satisfactory to the owners of the Windsor hotel.

A new case was filed today in Justice Stech's court in which Susie Risk, administrator of the estate of Charles M. Risk of Knightstown, is plaintiff and William J. Brook and Emma Brook defendants, the suit being on an account in which \$37.21 judgment and costs is demanded.

The plaintiff alleges that the defendants reside at 606 North Morgan street, and requests a restraining order so that they will not dispose of their property, and the complaint also asks that the Peoples National bank be restrained from giving out money which is to their account.

The case will be heard Saturday afternoon at 4 o'clock and bank officials will testify on Saturday morning concerning the amount of money which they are holding to the credit of the defendants.

In a case Saturday afternoon in Justice Stech's court, judgment for the plaintiff was awarded in the case of Myers against Short. This suit was for possession, and the

USED CLOTHING IS BEING BALED IN WIRE

Supply of Boxes Not Sufficient for
Packing and Shipping Gifts in
Armenian Campaign

MORE THAN A CAR LOAD NOW

Finding the local supply of empty boxes would not be enough to pack and ship the used clothing donated Saturday by the people of Rush county to the Armenian relief campaign, workers today were engaged in baling the wearing apparel with wire preparatory to shipping it to the eastern seaboard.

It is estimated that there is much more than a car load of clothing and shoes in the assembly room to be packed because many automobiles arrived at headquarters Saturday afternoon and evening. Some of the bundles have not been opened and sorted, due to the shortage of workers.

There were two women, two men and three boys on the job this morning and ten women promised their services for this afternoon in sorting and packing the wearing apparel.

The C. I. & W. has offered to haul all contributions free of charge to Hamilton, O., where they will be transferred and taken free of charge by the B. & O. to a shipping point on the Atlantic coast for the overseas trip.

MAIL SERVICE IS CHANGED

Another New C. I. & W. Time Card
is Expected Next Sunday

The parcel post mail service for the small towns between here and Indianapolis was again changed today, when train Number 38, due here at nine o'clock at night, westbound, was ordered to make the local stops, relieving the fast Chicago mail train due here at 10:52 in the morning, and which made local stops all last week. The local postoffice did not receive this order, but the mail clerk on the train this morning refused to handle local mail and stated that the night train would make the stops.

It also was stated today that a complete change in the schedule would be made Sunday, and the local agent is awaiting the new time card.

MAY INFLUENCE JAPAN DECISION

All Powers Will Have Opportunity
to Discuss What Subjects Will
be Taken up at Conference

BEFORE IT GOES IN SESSION

Preliminary Discussion, However,
Not to be Made Conditional of
Acceptance of Invitation

(By United Press)

Washington, July 18.—A decision which will tend to influence Japan to take part in the disarmament was made known authoritatively today. The decision was that all powers will have an opportunity to discuss with the United States what subjects are to be taken up at the conference before it actually convenes.

This was taken to mean that Japan and other powers will be able to satisfy themselves as to the scope of the conference before it actually convenes. It was reiterated, however, that the preliminary discussion should not be made conditional of the acceptance of the American invitation.

Advices here show that there is a conflict in Japan over the course the nation should pursue. The liberal elements are contending for entrance in the parlays. Other elements fear that Japan by entering will lose what she has gained in the far east as a result of her participation in two wars.

The belief of high officials concerned in the coming conference was still firm that Japan will fall in line with the invitation of the U. S. On the highest authority the belief was stated that no nation can carry the burden of refusing completely to join in such a movement as the one started.

POSSE SEARCHES FOR CHARLES DAY

Fugitive Finds Refuge in Thicket
South of Rushville After Being
Fired on by Police

SOUGHT ON SERIOUS CHARGE

A posse of about thirty men armed with shotguns and revolvers and headed by Sheriff Jones and Chief of Police Wilfong started at three o'clock this afternoon to capture Charles Day, wanted on a serious charge, who took refuge in a thicket about a mile south of Rushville along the Big Four railroad.

The nature of the charge against Day was not divulged, but it was said to be very serious. He is now at liberty on a \$250 cash bond for another offense he is alleged to have committed.

The hunt by the posse was preceded by a chase in which the chief of police, sheriff and Day were the principals. Wilfong was reported to have shot at Day four times in the western part of Rushville. Day ran down the C. I. & W. railroad and then south along the Big Four. It was reported earlier in the afternoon that the sheriff had shot and killed Day, but this proved to be untrue.

CONVICTS FIGHT TO GAIN FREEDOM

One Thousand Battle For Liberty in
Western Pennsylvania Peniten-
tiary During Fire

RIOT BEGINS IN DINING ROOM

Guards Fire Point Blank at Prison-
ers, Killing and Wounding Many.
According to Reports

(By United Press)

Pittsburg, Pa., July 18.—While flames crackled in the prison building and dense clouds of smoke rolled over the scene 1,000 convicts, including thirty women, fought desperately with guards in the Western Pennsylvania penitentiary today.

Guards fired point blank at the prisoners who came at them armed with pieces of furniture. Scores were reported wounded.

Six frame structures within the walls of the penitentiary were destroyed. The riot was started in the prison dining room by 200 convicts just transferred here from the Eastern penitentiary. They demanded rations of cigarettes for the men and face powder for the women.

Several of the prisoners rushed at the guards, using table legs and other pieces of furniture as bludgeons. Other grabbed knives, forks and tin plates and the air was filled with flying missiles.

The fighting spread from the dining room into all parts of the prison. Guards armed with rifles and revolvers opened fire on the convicts as they rushed them in an effort to gain their liberty at the gates.

The fires were started one after another in repeated succession and soon the air was heavy with smoke in which hand to hand fighting raged on.

Hundreds of prisoners clad in their prison clothes fought frantically at the bars, screaming and cursing at the thousands who crowded around the prison.

A policeman said six to eight convicts had been killed but there was no confirmation of this report.

HARDING ASKS POWER TO BARGAIN ON RATES

Requests House to Give Him Auth-
ority to Negotiate in Effort to
Remove Discriminations

TAX LEVY REVISION BEGINS

Washington, July 18.—President Harding today asked the house that he be given power in the Fordney Tariff bill to bargain with other nations to remove the export duty on oil and other discriminations which he said hampered the trade with the United States.

The actual work of revising the interests of the country started by tax law sought long by the public the house ways and means committee today.

Chairman Fordney announced that he requested the treasury department to present all information in its files which would aid in tax revision.

Joseph S. McCon, government actuary who has a remarkable faculty of estimating within a few hundred thousand just how much a three billion dollar tax will yield is at work "guessing" the return to the government under the various tax proposals.

Starting of the work on revenue revision before the tariff bill has been passed means, Fordney said, that the tax exchange will be speeded up.

Indications now are that the Senate will shun the tariff bill and wait for the revenue measure with the result that it will be finally enacted first.

MARRIAGE LICENSES

The following marriage licenses were issued Saturday afternoon: Fred J. Mahan, a farmer of this county; Howard Clark, a railroader of Mr. and Mrs. Alfred Fry of this county; Howard Clark, a railroader of this city, and Helen Black, employee at the Glove factory.

INTEREST SHOWN IN SPECIAL VOTE

Attention of People is Beginning to
Center on Proposed Amendments
To Constitution

MEETING THURSDAY NIGHT

B. R. Inman of State Chamber of
Commerce To Explain Proposals
—What Will be Voted on

Attention of the people is beginning to center on the special election September 6 to decide whether or not the state constitution shall be amended. Little interest has been shown up to this time, but as the time draws nearer, it is believed that the voters will devote more time to a study of the subject.

In order to give the people of Rushville and vicinity an opportunity to get some information on the subject, the Kiwanis and Rotary clubs have arranged for B. R. Inman, business manager of the Indiana State Chamber of Commerce, to address a meeting at the court house assembly room Thursday evening at 7:30 o'clock. He will discuss each of the proposed amendments briefly.

The amendment which are receiving the most attention are those which provide for placing the taxing power under the complete control of the legislature and the citizens amendment, which provides that only fully naturalized citizens shall have the right to vote.

The proposed amendments as they will be submitted to the voters September 6 are:

SUFFRAGE—In all elections not otherwise provided for by this Constitution, every citizen of the United States, of the age of twenty-one years and upwards, who shall have resided in the state during the six months, and in the township sixty days, and in the ward or precinct thirty days immediately preceding such election, shall be entitled to vote in the township or precinct where he or she may reside.

REGISTRATION OF VOTERS—All general elections shall be held on the first Tuesday after the first Monday in November; but township

MANY FROM COUNTY AT ANNUAL REUNION

Annual Gathering of Rush and Fayette
County People Held in
Indianapolis Sunday

PROGRAM OF TALKS AND MUSIC

An unusually large attendance marked the Rush-Fayette county annual reunion at Brookside Park in Indianapolis yesterday. The morning was enjoyed meeting old acquaintances and at noon the annual picnic in dinner was served to those present.

In the afternoon an interesting program was given. A quartet from Indianapolis gave an appropriate musical program and ten minute speeches were given by different members present. Mrs. Jennie Carter spoke in behalf of Connersville, and T. M. Greenlee of Indianapolis, formerly of this county, spoke in behalf of Rush county. Frank Huston of Connersville entertained the audience with a solo, and a poem entitled "The Challenge of the Flag," of his own composition. During the business session the following officers were appointed for the coming year: T. M. Greenlee, president; Monroe McCready, vice president from Marion county; John Heizer, vice president from Rush county; Charles Lewis, vice president from Fayette county. Edwin McIntosh, of Fayette county is the retiring president.

Among those attending from this county were Mr. and Mrs. James Smith, Mrs. Pete Hill, Mr. and Mrs. Alfred Collyer and son Lowell, Mr. and Mrs. Morton Hinchman, Mr. and Mrs. Charley Meyers, Mr. and Mrs. Wilbur Piper, Mr. and Mrs. Elijah Fry, Mrs. Moore and Mrs. Quince, Rees.

KNOCKED DOWN BY MACHINE

John A. Jones Injured While Cross-
ing Street Near Home

John A. Jones, 534 North Main street, was painfully bruised about the head Saturday night, when he was knocked down by an automobile near his home, while he was attempting to cross the street. A machine with bright lights came in each direction and one of them struck him, and threw him to the pavement. A cut in his head and bruises about the legs were the only injuries which he received.

The driver of the machine stopped and gave his name and address, but Mr. Jones failed to remember what the driver's name was.

EXCESSIVE HEAT DAMAGES THE CORN

Many Fields in Rush County Are in
Need of Hard Drenching Rain.
Farmers Say

ACREAGE IS 5 PERCENT LESS

Condition of Crop July 1 Reported
as 2 Percent Under Normal—
Damages Since That Date

Considerable damage to corn in many parts of Rush county has been caused by the excessive heat and the lack of moisture, according to reports of farmers. The drought in some sections, it is said, is becoming serious and the corn which made rapid growth during the early part of the season has begun to "fire." In many fields the leaves are curling and do not have the healthy color that was noticeable only a few days ago. Farmers declare that while the drought damage is not serious loss will result if a good rain does not come within the next few days.

The rains during the summer have been local and while a few communities have been favored with plenty of moisture there are other sections which have been without rain for almost a month. What is needed now, farmers assert, is a good heavy drenching rain. This would serve to revive much of the corn that is showing the effect of the dry weather.

The corn acreage in Rush county this year is large, being only 5 percent less than it was in 1920, according to statistics reported by the bureau of crop estimates. The acreage in corn last year in this county was said to establish a new high record.

The condition of the corn crop in this county on July 1 was 98 percent of normal, but farmers say that the drought has lessened the chances

SHOWERS MOVING EAST FROM ROCKIES

Temperature Declines of Ten to
Twenty Degrees Are Expected Over
Night, Weather Man Says

80 SEEN AS PREVAILING MARK

(By United Press)

Chicago, July 18.—Thunder showers tonight will bring temperature declines of from 10 to 20 degrees over Illinois, Michigan, Missouri, eastern Iowa, eastern Wisconsin and Kansas, the weather bureau here stated today.

After the showers, which are now moving eastward from the Rockies, the prevailing temperature over the mid-west will be about 80, it was predicted. This section sweltered in temperatures ranging from 90 to 98 degrees, the highest points being registered in Illinois.

Chicago's maximum temperature Sunday was 97. Five were drowned at beaches. The victims met death by drowning at the city's crowded beaches. One of them was Walter Schupper of Milwaukee who struck his head on a stone while diving at Fort Sheridan beach.

COUNTY SUFFERS LOSS OF \$13,803

Semi-Annual Extraction of Money
to Support Schools of Poorer
Counties Takes Place

COUNTY RECEIVES \$10,479.30

Pays to State at June Installment
\$24,283.13—Rush and Benton
Heaviest Losers

The semi-annual extraction of money from the wealthier counties of the state to support the schools in the poorer counties of the state has again taken place and, Rush county is the loser thereby in the sum of \$13,803.83.

Rush county paid the state in taxes collected for the support of schools on the spring installment, the sum of \$24,283.13, at the spring settlement, and will receive back from the state its share of the state school fund, \$10,479.30.

This amount, as soon as it is received, will be apportioned among the twelve townships and the Rushville school corporation on a per capita basis, according to the number of persons of school age in the city or township.

Of the \$24,283.13 paid to the state by the county, \$20,546.00 was paid on the state school tax in the county and \$3,737.12 was on the common school interest fund, all of which is sent to the state to be applied to the general fund which is distributed.

Rush county always suffers in the school distribution because of its wealth, and comparatively small number of persons of school age. Rush and Benton counties are the two counties in the state which always pay more for the support of other schools than any county in the state.

The state school fund, from which the money apportioned to the counties was obtained, amounted to \$2,159,312.27 this June. Deductions made from the fund, in accordance with the law, before the distribution was made amounted to \$370,058.49, leaving a total of \$1,789,252.78 available for apportionment among the counties. Practically the entire amount available was distributed, only \$377.29 remaining in the fund. The deductions from the fund included an item of \$200,000, which was authorized by the last session of the general assembly to meet certain school revenue deficiencies.

The funds were distributed on a per capita basis of \$2,343 for each of the \$797,535 persons of school age in the various counties of the state. The sum which is paid to this county from the state school fund is part of the state tax which was given over to the state a month ago from this county.

FORMER RESIDENT OF NOBLE TOWNSHIP DIES

Michael Fay, Age Ninety-Four Years
Expires at His Home in Green-
town, Howard County

FUNERAL SET FOR TUESDAY

Michael Fay, a former resident of Noble township, died yesterday at his home in Greentown, Howard county, according to word received here by relatives of the deceased. Mr. Fay was 94 years old and his death was due to complications arising from his old age. The deceased spent the greater portion of his life in Noble township, where he will be extensively remembered. Two sons residing in Greentown, survive, and two daughters, who are Mrs. Mary A. Brown of this city and Mrs. Margaret Murphy of New Salem.

Three grand children also survive. They are John Murphy and Mrs. Clifton Stamm of New Salem and Charles H. Brown of this city. The funeral services will be held Tuesday afternoon at the home in Greentown, and the local relatives will attend. Burial also will be made in the cemetery at that place.

HE HAD THE CANCELLED CHECK

A customer, not long ago, asked to see a certain check which he had issued, in settlement of an account. Through error he had not received proper credit for the payment. He was given the check and with it proved settlement of the bill. He was then given proper credit for the amount. The check with the proper endorsement proved payment.

A checking account is the surest safeguard against paying an obligation a second time. We invite you to call and open an account with us.

FUNERAL SET FOR TUESDAY

Services For Marshall Innis to be
Conducted by Milroy Legion

The funeral services for Marshall Innis, World War Veteran, whose body arrived in Milroy Saturday from France, will be held Tuesday afternoon at four o'clock at the home of Mr. and Mrs. Wade Innis, in charge of the Milroy post of the American Legion, with burial in the cemetery at that place. The Milroy youth was 21 years old when wounded in service in France, and he was one of nine children of Mr. and Mrs. Wade Innis.

The funeral Tuesday will be held at the family home with the Rev. Mr. McMichael officiating and assisted at the cemetery by the Legion.

THRESHING LABORER HURT

Sherman Young, engaged as a threshing hand of the Gordon farm north of Rushville, suffered a painful injury to his left foot Friday afternoon, when the tongue on the separator fell upon the foot, splitting and fracturing a toe. Mr. Young will be unable to work for several weeks as the result of the accident.

CITY BILLS ARE PAST DUE

Water and Light Rentals Should be
Paid to Avoid Loss of Service

George G. Helm, city treasurer, stated today that water and light bills were past due, and that several patrons had overlooked the payment of these bills. The state commission compels payment by the tenth of the month following the reading of the meters, and ten days additional are given for the preparation of a list of delinquents so that service can be discontinued. Mr. Helm stated today that he would give the delinquents a few days of grace, before Superintendent Mahin would be instructed to shut off water and light supply.

PRODUCE MARKET

EVERY BONE IN HER BODY HURT

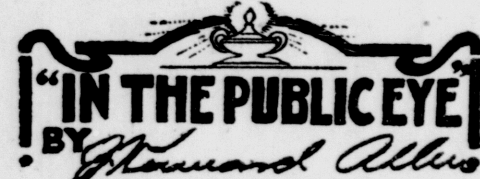

Indiana Woman Was on Verge of
Nervous Breakdown—Is Now
In Fine Health

"My only regret is that I didn't get Tanlac sooner, as I would have been saved a world of suffering and also a lot of money that I wasted on treatments and medicines that did me no good," said Mrs. Nellie Shinn, R. R. A., Box 2, Richmond, Ind.

"I was in a run-down condition and feeling out of sorts generally when I began taking Tanlac. In fact I was on the verge of a nervous breakdown and felt as miserable as a human could feel. Nothing I ate digested properly and I suffered for hours after every meal. Every bone in my body ached and my legs and arms hurt me so bad at times I could hardly use them. My sleep did me very little good and I always got up in the morning feeling worse than I did when I went to bed.

"After taking three bottles of Tanlac I can hardly realize I am the same person I was before. I never had better health in my life. Everything I eat agrees with me, I feel full of life and energy, I sleep like a log all night and get up in the morning feeling fresh and happy. I am even rid of the constipation that used to bother me a great deal. I certainly found the very thing my system needed when I began taking Tanlac, and I feel I am doing others who suffer as I did a good turn when I recommend it."

Tanlac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

Blind man's luck doesn't really exist in this busy world of ours. A man must be thoroughly awake to his opportunities to succeed. He must enjoy perfect vision. The science of optometry has made it possible to determine the exact condition of affected eyes and to specify just the glasses that will eradicate the trouble. We are competent to serve and our charges are very fair.

Personal Points

—Thomas Cooning was among the passengers this morning to Indianapolis.

—Miss Mary C. Marlatt of Winchester, Ind., is visiting her sister, Mrs. J. H. Scholl.

—Mrs. Jane T. Kincaid and Louis Thomas are visiting relatives in Muncie for a few days.

—Mr. and Mrs. Francis Moor of Chicago have arrived for a two weeks visit with relatives.

—Mr. and Mrs. Hubert Jones and family motored to Newcastle Sunday afternoon and spent the day.

—Warder Wyatt has returned to his home in this city after a week's visit in Grand Rapids and Bay View, Mich.

—Miss Esther Morris and S. M. Long spent yesterday in Greensfork Ind., the guests of the former's father.

—Miss Mae Hopkins of Chicago returned to her home today after spending two weeks in this city with relatives.

—Otto Bussard left last night for Muskegon, Mich., where he will join his family, who are visiting the former's brother.

—Mr. and Mrs. George Griesser and daughter returned this morning from a week end visit with relatives in Cincinnati.

—Mr. and Mrs. Albert Bristor of Indianapolis were week-end guests of Mrs. Bristor's parents, Dr. and Mrs. E. I. Woodson.

—Mr. and Mrs. George Reed of Indianapolis were the guests of Mr. and Mrs. W. T. Jackson and other relatives over Sunday.

—Mrs. Ed Beher accompanied Mr. and Mrs. Will Summan of Carthage on a motor trip to Sunman and Batesville, Ind., yesterday.

—The Misses Mary Sleeth and Henrietta Coleman will leave tomorrow on a motor trip to Petoskey, Mich., for a few weeks' outing.

—Mrs. Marguerite Bailey and little daughter of near Waldron are visiting her parents, Mr. and Mrs. W. P. Sipe and family of Orange.

—Mr. and Mrs. Lawrence Holmes and children of Falmouth, Ky., who have been the guests of Mr. and Mrs. Fent Johning of this city, have returned to their home.

—Charles Nesbitt of Indianapolis formerly of this city, who is connected with the passenger department of the Pennsylvania railroad, was here today on business.

—Mr. and Mrs. Roy Stieg and little daughter Genevieve and Mrs. Frank Stiles of Bellefontaine, O., were week end guests at the home of Mr. and Mrs. W. F. Wolung and son Jess.

—Mr. and Mrs. Carroll Clifton and daughter Emogene, and Mr. and Mrs. George Erhart and sons Jesse and Adrian, motored to Buena Vista, Metamora, Laurel and Connersville Sunday afternoon.

—Mr. and Mrs. George Blue of Florida and Mr. and Mrs. William Carpenter and son Lowell of Wabash, Ind., spent the latter part of the week with Mr. and Mrs. Errett Carpenter and family at the farm of Mrs. Lenora Blackledge, northeast of the city, where they are staying during the summer while Mrs. Blackledge is at Winona Lake.

"Mailed Fist" For Sale

Berlin, July 18—The mailed fist of the German Ex-Emperor is offered for sale in Berlin.

The Ex-Emperor August having heard her husband mentioning the "mailed fist" and the "shining armour" repeatedly during his famous speeches which enlightened the whole world has made up her mind to make Willy an extraordinary birthday present. She gave an order to a famous English silversmith to make an image of that "mailed fist" of solid silver.

The iron fist arrived in good time and Augusta placed it in the breakfast table of the Kaiser. It was expedited somewhat speedily into the corner by the receiver who for some reason did not seem to be pleased with the present. From here it was picked up quietly by the Empress and sold later to a man who is in possession of it today. Since he is a good patriot—and a business man—he is trying to sell it, preferably to an American.

FATAL CROSSING ACCIDENT

GREATEST DRIVE ON LIQUOR OPENS

Army of Approximately 50,000 Law
Enforcement Officers Adminis-
tering Volstead Law

NEXT 6 MONTHS TO BE ARID

Rum Runners' Stocks Are Being
Seized Faster Than Government
Can Dispose of It

By RALPH F. COUCH
(U. P. Staff Correspondent)

Washington, July 18.—The greatest drive against liquor since the United States went on a dry basis is in full swing today.

An army of approximately 50,000 law enforcement officials is co-operating with federal prohibition Commissioner Haynes in administering the Volstead law.

With a score of government agencies and departments assisting in enforcement of the dry laws and congress considering amendments to make the Volstead law more nearly 100 percent tight, the next six months will be the most arid the country has ever yet experienced if Commissioner Haynes puts into effect all his plans.

Liquor halted at the border of the United States now is "piling up in stations of the United States customs service. Rum runners stock is being seized faster than the government can legally dispose of it.

Along the Canadian border, officials of the immigration bureau and the customs service are patrolling roads, navigable streams and inspecting passenger trains to halt the illicit traffic in liquor.

Along the Florida coast, coast guards are watching day and night to prevent the landing of liquor smuggled from Cuba and the Bahamas.

Airplanes soon will be used in the

hunt for sea smugglers under plans of the coast guard service. Along the Mexican border the army patrols are watching for the smuggled bottle and case.

BOY KILLED BY AUTO

Richmond, Ind., July 18.—Manville David Baker son of Mr. and Mrs. James Baker was killed by an automobile here Saturday. The boy was with a group of children accompanied by Mrs. Charles Bein, when he was struck by a machine driven by Burney Mann, 16.

Lady, To Conductor: "Which end of the car do I get off?"
Conductor: "Makes no difference, lady, both ends stop."

LOOK GIRLS, REAL
CAVE MAN IS FOUND

Terep Haute, Ind., July 18.—Oh girls look what's been found—a real cave man.

Mary Crumb, seeking a divorce from her husband, George Crumb, told the judge her experience of married life showing that hubby often beat her and gave her shakings and "treated her rough in general."

George told the judge it was necessary for him to give her such treatment to "bring her down a notch or two," adding that she always wanted to start something.

"Perhaps I did mistreat her a little," George said, "but it was essen-

tial for I would not let her run over me. Once she began talking about other men and I choked her a little to quiet her."

In answer to his wife's complaint that he come home drunk, George said that he didn't have a drink since Mr. Volstead came into power, but it wasn't his fault.

KILLED BY INTERURBAN

LaPorte, Ind., July 18.—Anton Meister 46 attempted to pick up a basket beside the track as an interurban car was passing interlake station, near here late last night. The protruding rear steps of the car hit him on the head. The crew of a following car found the lifeless body beside the track.

Pendulum Starts Back

It is time for the business pendulum to start back and farmers will be the first to be benefitted. This the view of E. T. Meredith, former secretary of the agriculture and publisher of Successful Farming, and he cites several things to support his argument.

Many facts indicate, he says, that it is time for the business pendulum to start back on its swing towards business normalcy, and declares that farmers should take an optimistic view of the situation because they will be the first to feel the effects of improved business conditions.

Among the reasons Mr. Meredith gives is that the wheat carryover from this season has been the smallest in years, the latest information indicating that the 1921 crop is not larger than that of 1920. Stocks of wheat at terminals and in country elevators are reported to be more than 50 percent lower than a year ago. The visible supply is the smallest in eighteen years.

The supply of flour in the hands of merchants as well as consumers is very low. There was 20 percent less flour manufactured during the year ending June 1st than during the preceding year.

Of vital interest to farmers is the fact that there is a decided shortage in live stock. If per capita consumption of meat and meat products were suddenly to return to normal, the demand for meat would be far greater than the supply.

During the first five months of 1921 there were 7,716 business failures in the United States as compared with 2,678 for the corresponding period of 1920. An expert statistician estimates that at present there are about three million persons ordinarily employed in industries in the United States out of employment. It has been demonstrated that the family of a man who has employment consumes three times as much of the things people eat, wear and use, as it does when the head of the family is out of employment. Latest information indicates that unemployment has probably reached the maximum and that unemployment is now on the decline.

One can readily see that as workers in textile mills, shoe factories, automobile factories, furniture factories, etc., are resuming employment, their requirements will be proportionately increased. Certainly this means a greater demand and better prices for all the things which are produced by farmers. Lack of employment cannot be improved until utilization of products produced is resumed.

Add to all this the determination of the farmers of this country to take a hand in the marketing of their own products, which most assuredly will result in farmers getting better prices or at least getting a larger percentage of the final selling price of their stuff, together with the probable reduction in freight rates, and we have ample reason for feeling optimistic in regard to the situation the farmer will

find himself in a few months hence.

There are other favorable signs and we will admit a few clouds on the horizon, but taking it all in all the situation warrants reasonable optimism. Better times for agriculture are coming, and coming soon. The farmers who profit most during the next few years will be those who keep eyes and ears wide open for every bit of information that will help them to judge what is best for them to do in the conduct of their own business.

Buy the things you need to enable you to produce crops and livestock economically. If you can cut the cost of producing a bushel of wheat by 10 cents, that is equivalent to getting 10 cents a bushel more for it. Successful Farming is working overtime in an effort to keep its readers fully abreast of the times. The city of Washington is an important point in the farmer's geography at the present time. We are watching things there, and elsewhere, closely and will give you the full benefit of our observations.

A Man's Man

Would you like to have your boy turn out to be a real 100 per cent man physically as well as mentally? Then don't shut him up in a hot house of roses and keep him there until he breaks away of his own accord.

Roses are a delight to the eye and the sense of smell, but they do not develop the muscle or add to the breadth of mind.

Get him a ball and bat, a pair of boxing gloves and a punching bag. Give him a couple of Indian clubs and teach him to swing them.

Encourage him to run and jump and wrestle and leap fences. Let his hours of recreation be healthful and vigorous, and not of the pink tea variety.

Teach him to fear God, to be loving, respectful and obedient to his parents and mindful of the rights of other people, and you will develop an adult who will be "some man."

Congress very properly threw the hooks into that medicinal beer suggestion—or possibly it wasn't congress, after all. At any rate we can't afford to have a nation of invalids.

The sun must love us dearly, otherwise it would not waste its rays upon us with such prodigality.

We term them the weaker sex, but many a poor devil wishes they were not half so strong.

The woman who marries her best friend is in grave danger of losing him.

COST A DOLLAR TO BE NAMED MARY

South Hadley, Mass., July 18—Miss Anna Edwards, 80 years old, of the class of 1859 of Mount Holyoke College, wished to do her share in raising the college endowment fund. She wrote every girl by the name of "Mary" who had attended Mount Holyoke and requested one dollar in the name of "Mary" Lyon who founded the college.

The response was astonishing. Nearly a thousand have already been heard from. Apparently Mary is a popular name.

Current Comment

Cost of Railroad Control
(Washington Post)

Little surprise will be occasioned by the statement of Senator Cummins, chairman of the Senate committee on interstate commerce and coauthor of the transportation act, that the cost to the government for operation and control of the railroads when they were returned to iod of 26 months will amount to approximately \$1,500,000,000. On the contrary, many people who have given attention to the railroad question will be surprised if it does not exceed that amount.

It is, however, unfair to charge this stupendous bill or the existing status of the railroads to the transportation act of February 28, 1920. The enormous expense to the nation was incurred before the enactment of that law, and the condition of the roads when they were returned to their owners bore no relation to the act itself. The "scrambling" of the railroads was done as a war measure as a part of the mobilization of the nation's resources, and the "unscrambling" is a legacy to the present administration from its predecessor.

The transportation act never has had a fair trial. It has not yet had to deal with conditions approximately normal, but so far as it has functioned it has justified the hopes of its authors, the Congress which passed it and the President who approved it. Perfection never was claimed for it, and it is quite probable that experience and the hearing now in progress before the Senate committee may develop reasons why it should be amended in some particulars, but it can not be denied that the law constituted a distinct step along "the path of progress"—a term which apparently is distasteful to some Democratic senators.

There are now some timid and shortsighted statesmen who are eager to disclaim any share in the responsibility for the transportation act and who proudly boast they did not vote for it. Within a few years they may wish their remarks could be expunged from the Record. Now the boldly declare the act was not satisfactory to the railroads or to the employees, and therefore it must be doomed to failure. They lose sight of the fact, however that this measure, while seeking to deal justly with the employees and to give the owners of the roads a fair return on the value of their properties, was enacted essentially in the public interest. It seeks to prevent the people of the United States from being ground between the upper and the nether millstones of capital and labor, to give equal service to all and to keep the avenues of transportation open.

Having been passed for the protection of the public its success or failure will be determined by the degree with which it benefits the public, and it is impossible to secure a verdict until its operation under normal conditions has been thoroughly tested. How soon those normal conditions will obtain is a matter of speculation.

When the railroads were turned back to their owners by the government on March 1, 1920, the labor cost a ebhsdms 1o(dshati-i costs had been doubled, national working agreements had been put into operation which proved impracticable, there was a shortage of equipment, repairs and extensions had been neglected and most of the larger roads were unable to get needed working capital. Government operation had practically wrecked the organization and destroyed the efficiency of the greatest transportation system in the world and passenger and freight rates were the highest ever known.

This is the problem which con-

fronts the country today, and it is a very serious one. The blight of that fateful 26 months of government operation remains upon the railroads; a period when hundreds of millions of the people's money were

tossed about lightly and carelessly by responsible officials, and when no thought was taken of the day of settlement. Now the country must pay the piper.

TAIL LIGHTS LOSE TOUGH GAME, 6 TO 1

Inability to Deliver Hits With Men on Bases Main Cause of Defeat at Shelbyville

EACH TEAM GETS EIGHT HITS

Rushville Loses Golden Opportunity to Sew up Game in First Inning With Two Men on

The Tail Lights played in tough luck Sunday afternoon when they lost the first game of a series to the Shelbyville Nationals, the score being 6 to 1. Inability to deliver hits with men on bases was the main cause of the defeat as 11 Tail Lights players died on bases during the contest.

Neideffer pitched a good game, but in the fourth inning, Shelbyville hit a pace that couldn't be stopped and they bunched four hits, three of them better than singles, and three runs were placed in their column. In the entire game Rushville got eight hits and so did Shelbyville, but Rushville could not manage to bunch them, in order to make runs count.

Right in the first inning, a golden opportunity to score went glimmering when Doll, first up, doubled and Joyce went out on a pop up. Sharp, batting in third place, singled, but Doll did not attempt to make home.

Byrne and Shaw, two of the heavy hitters fell down when most needed, and each struck out, leaving the two to die on bases. Shelbyville scored their three runs in the fourth, and came back with another one in the fifth, sixth and eighth innings. Rushville managed to have men on bases in every inning, and soon got to Larabee for some long drives, but the only score came in the last inning.

Rushville players also made some radical errors during the game, but they did not prove very costly, as the three runs made off of hits were well earned, and no error took place in that inning.

Shelbyville will play a return game here next Sunday and the locals expect to turn the trick and win this contest. Neideffer and Byrne each drove the ball hard yesterday to the fence and the outfielder in each case made sensational catches.

The score by innings:
 1 2 3 4 5 6 7 8 9—R H E
 Rushville 0 0 0 0 0 0 0 0 1—1 8 5
 Shelbyville 0 0 0 3 1 1 0 1 x—6 8 2

Batteries: Rushville, Neideffer and Byrne; Shelbyville, Larabee and Schaeffer.

SPORT CHATTER

(By United Press)

New York, July 18—Jack Johnson's claim for the colored heavy weight championship found a vehement objector here today, in the person of Harry Willis.

"Just as soon as Johnson gets me out of the way he can get some place with his claims. Its easy enough to be a talk champion, but the title don't come that way," Willis said.

(By United Press)

New York, July 18—Mlle Suzanne Lenglen, French tennis star, will play ten exhibition matches in addition to her appearance in the women's national championships, it was announced here today. Thirty clubs have applied for the matches. The tour will be conducted under the auspices of the committee for devastated France under the direction of Miss Anne Morgan, but the schedule will be drawn by the United States lawn tennis association.

Mlle Lenglen will sail from France on July 23.

Indianapolis, Ind., July 18.—Vincent Richards, brilliant youthful Yonkers, N. Y., tennis star today held the Western championship. He defeated the veteran Walter T. Hayes of Chicago, title holder, in straight sets, 6-1 6-4 and 6-2. Lucian Williams of Chicago and Fritz Bastian of Indianapolis won the doubles from Hayes and Clifford B. Herd, 9-7 6-4 and 6-3.

Indianapolis, Ind., July 18.—Vincent Richards, brilliant youthful Yonkers, N. Y., tennis star today held the Western championship. He defeated the veteran Walter T. Hayes of Chicago, title holder, in straight sets, 6-1 6-4 and 6-2. Lucian Williams of Chicago and Fritz Bastian of Indianapolis won the doubles from Hayes and Clifford B. Herd, 9-7 6-4 and 6-3.

THIS TIME LAST YEAR
 * The Yanks scored eight runs.
 * Ping Bodie batted in six of them.
 * Ring, Cincinnati made a balk that cost him a game against Brooklyn.
 * Stengel's homer in the ninth inning gave the Phil's a 1 to 0 win over the Cards.
 * Cleveland took a double header from the Red Sox.

Watching The Score Board

Yesterday's hero—Ancient George Cutshaw. The Pirates second baseman tripled in the tenth inning and beat the Giants 4 to 2.

Red Faber marked up his nineteenth game when the White Sox beat the Red Sox 1 to 0.

Four doubles, three singles and two passes gave Washington nine runs in the sixth inning and the Indians were beaten 13 to 2.

Seven runs in the fifth inning retired the collegian, Parks and gave the Yanks 18 to 5 victory over the Tigers.

The Athletics dropped a pair to the Browns 5 to 2 and 6 to 2. Five runs in the sixth inning enabled the Robins to beat the Cubs 7 to 5.

FIGHT FOR THE FRENCHMAN

Carpentier and Gibbons of St. Paul Matched to Battle in October

New York, July 18—Carpentier and Gibbons of St. Paul were matched today to fight for the light heavyweight championship of the world some time in October. The city and other details will be made known later.

The exact date probably will depend on the Frenchman who is now enroute to France. The bout will be under the management of Tex Rickard. Whether the match will call for a 12 or 15 rounds depends on whether it will be held in Jersey City or New York.

BOSTON BRAVES SHOWING CLASS

With Exception of Sensational Spurt Major League Races Progress as Expected

PITTSBURG MAINTAINS LEAD

Giants and Braves Have Chance for National Bunting, However—Hitting on the Decline

By HENRY L. FARREL

(By United Press)

New York, July 18—A stranger is sniffing around baseball's front yard. Like an outfit that has been doing a rip Van Winkle since 914, the Boston Braves are nearing into select society. With the exception of the rather sensational spurt of the Beantown tribe the major league races are progressing according to expectations.

Pittsburgh with a lead of two games over the giants is maintaining a margin they have found sufficient all season and it will be enough to give them a berth over the New Yorkers as long as McGraw's men slump when the Buccaneers are slumping.

Last week the Braves won six out of seven games. They're hitting and getting great pitching. The Pirates should have the hardest battle of their eastern invasion against Fred Mitchell's men. Only 14 runs were scored against them in seven games last week. Rather low averages.

The Giants won five out of six games but the Pirates did not do so good as they dropped three out of five games. Cleveland is beginning to feel the New York Yanks on her heels. The Indians had a good week, winning six out of eight games but the Yanks won five out of six and kept tagging right along.

Miller Huggins may be the jinx of the New Yorkers. After the terrible showing against the White Sox in Chicago, Huggins, met with an accident and has been in the hospital. The Yanks haven't lost a game since he left the club.

It looks as if ten clubs can start now to rebuild for next season. No teams but the Pirates, Giants and Braves warrant the belief that they have a chance for the National League pennant and in the American and the Indians and the Yanks will have it out.

Decrease in the excessive hitting was observed during the week. Perhaps the lively bat has been ordered on the shelf or may be the pitchers are getting in shape.

The Giants-Pittsburgh series lived up the attendance here yesterday and Saturday, but before that the stands gave evidence of the truth of the statements denied by all the moguls, that base ball was in a slump.

EXCESSIVE HEAT DAMAGES THE CORN

Continued from Page One

of a good yield since that date. The condition on July 1 was much better July 1 than most other counties in the state although some counties were reported as 74 percent of normal July 1 and oats 80 percent of normal.

Farmers say, however, that the corn condition now is not as good as it was the first of this month, due to the lack of rain. Last year the corn yield in Rush county was exceptionally high and the quality of the grain was unusually good. The weather conditions were very favorable and the late fall gave ample time for the late planted corn to mature. Although the early spring conditions this year were favorable much corn was not planted until late in June and a late fall will be needed if all of the corn in the county matures fully.

The drought is also having a disastrous effect on other crops. Potatoes, it is said, are not in a very satisfactory condition and the indications now point to a small yield, except in a few places, and a large part of the winter supply will have to come from the late plantings.

WEATHER FOR THE WEEK

Washington, July 18.—Generally fair weather, except for widely scattered local thunder showers, is indicated for the week in the Ohio valley, with normal temperatures prevailing.

SUPT. BENTLEY RESIGNS

Richmond, Ind., July 18—Superintendent Jerome H. Bentley of the Richmond school has resigned to become superintendent of the schools at Duluth, Minn. His successor has not been appointed. Bentley came here several years ago from Kentucky.

TREATY CONTROL BEING RESTORED

Dr. Benes Discussed Effect of the Little Entente on The Peace of Central Europe

AMENDMENT ALSO IMPORTANT

Declares Central Europe And Australia Has Been Victim of Internal Economic Depression

By CLYDE A. BEALS

London, July 18—The old treaty-fied Europe in a more extreme form though possibly under much more favorable circumstances, is being rapidly restored. The outlet for the adjustment of territorial disputes provided by the League of Nations, however, may render "local adjustments" practical, and failing anything better, even desirable.

The sponsor of the amendment to Article XXI of the league covenant, recognizing and encouraging local applications of the broad principles laid down by the league, Dr. Benes, the Czechoslovakian foreign minister, is also one of the moving spirits, in the Little Entente. In an interview he discussed for the United Press the effect of the amendment and of the Little Entente on the peace of Central Europe.

"The amendment is an important addition, I believe," he said, "to the League of Nations covenant. There are many local problems that, for the league to attempt to settle would provide endless complications. This amendment will provide for their settlement on the principles of the covenant by the nations concerned."

"The Little Entente, consisting at present of Yugoslavia Roumania and Czechoslovakia, comes within the meaning of this amendment. It is designed to promote economic adjustments.

Our nations have gained our independence at a great cost and we mean to see that nothing upsets it. We have arranged treaties requiring military support in a case a member of the Little Entente is attacked or in cases where the peace of Central Europe is prejudiced. We want to prevent war from breaking out.

"Because Czechoslovakia has refused to enter into a Danubian confederation, which is supposed to be able to bring about peace in Central Europe, we have been accused of seeking to keep Austria and Hungary begarded. I have opposed the Danube confederation. It is not wanted. If we formed the Danubian confederation without the other powers, we should be outnumbered two to one, which would not be bad but for the fact that both Austria and Hungary are so strongly influenced by Germany. It would amount practically to a reestablishment of Mittel Europa. This we simply cannot tolerate, just as we can not tolerate an Austro-German union.

"Austria's condition, even without any alliance, is improving. She has plenty of coal. Her chief difficulty is to get capital invested in her industries.

MAY FORCE HER TO EAT

Cleveland, Ohio, July 18.—Unless Mrs. Catherine Eva Kaber eats more in the next days than she has in the past 48 hours, Dr. J. R. Thompson, county jail physician, said today he would likely resort to forcible feeding of the woman who was convicted of the murder of her husband Saturday.

FOOT CAUGHT IN ROOT, DROWNS

Elwood, Ind., July 18.—Gerald Shultz went down to White river a mile from his home late yesterday for a swim while his parents were in Elwood. His foot became caught in the root of a tree twelve feet under water. Gerald was 12 years old. His body was recovered fifteen minutes later.

GENERAL KILLED, REPORT

Paris, July 16.—A wave of anti-German feeling passed over Paris today when it was reported that General Lerond had been assassinated in Upper Silesia. There was no official confirmation of the report. The war department got in touch with the general's headquarters by wire to learn the origin of the rumors.

VERDICT OF ACQUITTAL

Anderson, Ind., July 18.—After deliberating one hour the jury in the circuit court Saturday returned a verdict of acquittal in the case of Frank Barnes, ex-soldier charged with manslaughter for killing L. Shawhan of Alexandria.

LESH RULES DEFICIT MAY BE PAID BY STATE

Attorney General Says Appropriation by Legislature Can be Applied to Teacher's Pension Fund

REVERSES FORMER RULING

(By United Press)

Indianapolis, Ind., July 18—Under ruling of Attorney General Lesh today \$30,000 of the \$39,000 deficit in the state teacher's pension fund, can be paid with the appropriation made by the legislature for that purpose.

The ruling in effect is a reversal of the previous opinion in which Lesh held that the appropriation could be used only to pay the deficit of this year amounting to \$25,000.

Last year \$14,000 was withheld from the state tuition fund as divided among counties. Otto Klauss, former state auditor, refused to allow the money to be paid, saying that he believed the law under which he could distribute the money unconstitutional.

The constitution says money derived from taxes for the tuition fund shall be used for tuition only. Where the additional \$9,000 to cover the remainder of the deficit is to come from is not known but it is believed it will be left for the next legislature to decide.

Money that has been withheld from the tuition fund to pay the deficit will be turned over to the counties from which it is withheld.

HENRY FORD'S ROAD ASKS LOWER RATES

Detroit, Toledo and Ironton Files New Schedule Calling For Reduction of 20 Percent

IS FIRST TO TAKE THIS STEP

Columbus, Ohio, July 18.—The Detroit, Toledo and Ironton railroad owned by Henry Ford, sought a twenty percent reduction at freight rates today.

The new whack at high prices was taken when C. R. Hochstetler, of Dearborn, Mich., general freight agent of the Detroit, Toledo and Ironton railroad, filed a new schedule with the public utility commission here.

The new rates will be effective August 20 and affects shipments of every kind over the 450 miles which the railroad operates in Ohio and Michigan between all points of the main line and branches.

Mr. Ford thought reductions should be made, was the only comment the freight agent would make. Officials here declared that was the first action taken by any railroad in the United States for lower rates and pointed out that this railroad recently announced an increase in wages for all employees.

LLOYD GEORGE AGAIN MEETS IRISH LEADERS

President De Valera Confers With Premier For Two Hours and is Followed by James Craig

PLACE FOR ULSTER SOUGHT

(By United Press)

London, July 18.—Premier Lloyd George again conferred with President De Valera of Ireland and Premier James Craig of Ulster today.

De Valera left the premier's residence at six p. m. after conferring two hours with Lloyd George. As he departed his face gave no signs of his feelings.

Sir James Craig entered the residence a few minutes later. Those close to the situation attached great importance to the two interviews.

The belief was general that Lloyd George endeavored to win for Ulster a place in the present peace negotiations which will be preliminary to the conference.

\$150,000 FORGERY ALLEGED

Austin, Minn., July 18.—R. J. Thomson, said to have embezzled more than \$150,000 from the Hormel Packing Company here, was arrested today and taken before Judge De-weiler. A charge of embezzlement of \$10,000 was placed against him by H. H. Cory, manager of the Oakdale Farm, appointed by Jay C. Hormel as trustee.

INTEREST SHOWN IN SPECIAL VOTE

Continued from Page One

elections may be held at such time as may be provided by law; Provided, That the General Assembly may provide by law for the election of all judges of courts of general or appellate jurisdiction, by an election to be held for such officers only, at which time no other officer shall be voted for; and may also provide for the registration of all persons entitled to vote. In providing for the registration of persons entitled to vote the General Assembly shall have power to classify the several counties, townships, cities and towns of the state into classes, and to enact laws prescribing a uniform method of registration in any or all of such classes.

VETO OF ITEMS IN APPROPRIATION BILLS—Every bill which shall have passed the General Assembly shall be presented to the Governor; if he approves, he shall sign it, but if not, he shall return it, with his objections, to the house in which it shall have originated, which house shall enter the objections at large upon its journals, and proceed to reconsider the bill. If, after such reconsideration, a majority of all the members elected to that house shall agree to pass the bill, it shall be sent, with the Governor's objections, to the other house, by which it shall likewise be reconsidered, and, if approved by a majority of all the members elected to that house, it shall be a law. If any bill shall not be returned by the Governor within three days, Sunday excepted, after it shall have been presented to him, it shall be a law without his signature, unless the general adjournment shall prevent its return, in which case it shall be a law, unless the Governor, within five days next after such adjournment, shall file such bill, with his objections thereto, in the office of the Secretary of State, who shall lay the same before the General Assembly at its next session in like manner as if it had been returned by the Governor. But no bill shall be presented to the Governor within two days next previous to the final adjournment of the General Assembly. The Governor shall have power to approve or disapprove any item or items of any bill making appropriations of money, embracing distinct items, and the part or parts of the bill approved shall be the law, and the item or items of appropriation disapproved shall be void unless repassed according to the rules and limitations prescribed in this section for the passage of bills over the executive veto. In case the Governor shall disapprove any item or items of any bill making appropriations of money, he shall append to the bill, at the time of signing it, a statement of the item or items which he de-

clines to approve, together with his reasons therefor. If the General Assembly be in session, the Governor shall transmit to the house in which the bill shall have originated a copy of each of such items separately together with his objections appended to each of such items, and the item or items so objected to shall be separately reconsidered in the same manner as bills which have been passed by the General Assembly and disapproved by the Governor, and if on reconsideration such items or any of them shall be approved by a majority of all the members elected to each house, the same shall be a part of the law notwithstanding the objections of the Governor.

TERMS OF COUNTY OFFICERS—There shall be elected in each county by the voters thereof at the time of holding general elections a clerk of the circuit court, auditor, recorder, treasurer, sheriff, and coroner, who shall severally hold their offices for four years; and no person shall be eligible to either of said offices for more than four years in any period of eight years.

TERM OF PROSECUTING ATTORNEY—There shall be elected in each judicial circuit, by the voters thereof, a prosecuting attorney, who shall hold his office for four years.

QUALIFICATIONS FOR LAWYERS—The General Assembly may by law provide for the qualifications of persons admitted to the practice of the law.

ADMISSION OF COLORED PERSONS TO STATE MILITIA—The militia shall consist of all able-bodied male persons between the ages of eighteen and forty-five years, except such as may be exempted by the laws of the United States, or of this state; and shall be organized, officered, armed, equipped and trained in such manner as may be provided by law.

TERMS AND SALARIES OF PUBLIC OFFICERS—When the duration of any office is not provided for by this Constitution, it may be declared by law; and if not so declared, such office shall be held during the pleasure of the authority making the appointment. But the General Assembly shall not create any office, the tenure of which shall be longer than four (4) years, nor shall the term of office or salary or any officer fixed by this Constitution or by law be increased during the term for which such officer was elected or appointed.

APPORTIONMENT OF SENATORS AND REPRESENTATIVES. The General Assembly shall during the period between the general election in the year 1924 and the convening of the legislature in 1925, and every sixth year thereafter, cause to be ascertained the number of votes cast for all of the candidates for Secretary of state in the

different counties at the last preceding general election.

SECTION 5.—The number of Senators and Representatives shall, at the session next following each period when the number of votes cast for the office of Secretary of State shall be ascertained, be fixed by law, and apportioned among the several counties, according to the number of votes so cast for all of the candidates for the office of Secretary of State at such last preceding general election.

TERMS OF STATE OFFICERS—There shall be elected by the voters of the state a secretary, an auditor and a treasurer of state, said officers, and all other state officers to be elected by the people except judges, shall severally hold their offices for four years. They shall perform such duties as may be enjoined by law; and no person other than judges shall be eligible to any one of said offices for more than four years in a period of eight years.

INCOME TAX—The General Assembly may provide by law for the levy and collection of taxes on incomes and from whatever source derived, in such cases and amounts, and in such manner, as shall be prescribed by law and reasonable exemptions may be provided.

TAXATION—The General Assembly shall provide by law for a system of taxation.

APPOINTMENT OF STATE SUPERINTENDENT OF PUBLIC INSTRUCTION—ARTICLE VIII SECTION 8.—The General Assembly shall provide for the appointment of a state superintendent of public instruction, whose term of office, duties and compensation shall be prescribed by law: Provided, That any state superintendent of public instruction elected prior to or at the time of the ratification of this amendment, shall serve out the term for which he shall have been elected.

SHOW LEAVES HERE MINUS A GOOD TENT

Continued from Page One

evidence showed that the defendant had vacated the property, leaving \$28 due in rentals, which combined with the costs amounted to \$32.40 judgment for the plaintiff.

In the suit for possession filed by Dalton Powell against Russell Ray, judgment also was found for the plaintiff. The defendant was said to owe several months rent on property at 327 West Eleventh street, and he was ordered by the court to give possession by July 25. The plaintiff also will assume charge of the large garden, in payment of the rent that is said to be in arrears.

Another case in this court set for trial last Saturday afternoon was carried over until July 22 at one o'clock. This suit was one in which Loretta Oneal is plaintiff and Mary Burkley defendant, and is for possession of a house in West Tenth street.

MAY INFLUENCE JAPAN DECISION

Continued from Page One

ed by Harding for a disarmament conference.

Before Japan's reply to Secretary Hughes' amplification of the visitation to discuss the Pacific question is decided on in Tokio and sent to Washington, there may be negotiations between Great Britain and Japan in which the British government would be expected to press Japan to give its complete acceptance to the idea for the conference.

MEDAL AWARDS REPORT

Washington, July 18.—Five members of the naval affairs committee today presented to the senate 216 pages of alternate praise and blame for former Secretary of the Navy Daniels and Rear Admiral W. S. Sims. The 216 pages constituted the majority and minority reports of a sub committee which investigated a controversy which started over medal awards.

EX-SOLDIER KILLED

Medora, Ind., July 18.—Joseph Bias, 21, stepped off a freight train caboose into the path of a passenger train on the Baltimore and Ohio railroad here and was killed instantly. He had just been discharged from the army at Camp Travis, Tex., and was enroute to his home in Oxford, O.

H. C. L. IS STARTLED WITH DOLLAR SHOES

Paris Maker Offers Footgear That Won't Wear Out at Prices Better Than Before The War

ALLOY USED IS SECRET

(By United Press)
Paris July 18—Shoes at five francs a pair and they'll last forever!

In these days when a pair of pre-war American shoes costs 150 to 250 francs and when a Paris shoemaker won't consider an order under 350 francs, the invention just announced, of a method of manufacturing footgear at five francs, with the added advantage that the material can't wear out, is exciting interest in anti-H. L. C. circles.

It is due to a blind worker in a factory near Lyons. He discovered, so the report goes, an alloy which permits him to make a pair of shoes weighing three and one-half ounces, water and fireproof, as solid and elegant as the finest product of the American factories, and so simply designed, that a child can put the parts together.

M. Paul Michel, the inventor, is keeping the secret of the alloy to himself.

LEGION MEETS WEDNESDAY

Rush Post No. 150, American Legion, will meet in the court house assembly room Friday evening at 7:45 o'clock to transact important business.

BUDGET DIRECTOR HAS A BOOMLET

Even in Hot July Political Boomlets Are Started With Some 4 Years Hence in Mind

BOOST DAWES FOR PRESIDENT

Besides Business Manager For Government He Also Tells Congress to be Saving

By L. C. MARTIN
(U. S. Staff Correspondent)

Washington, July 18—The July sun is not hot here. But it is never to hot to discourage political boomlets, in the hope that the ardent rays will help give them a sturdy growth.

Such a boomlet has been planted, with the quadrennial exhibition of hand-raised booms some four years hence in mind. Right now it is a spindling tenuous plant, but its planters are tenderly caring for it, and have great hopes.

"Hell-and-Maria Dawes" for President is the name of the boomlet. Hell-and-Maria, you'll remember, is director of the budget, otherwise known as business manager of the government. He's been told to make Uncle Sam economical, to keep congress from going on appropriation sprees, and the federal departments from acting like drunken sailors with their pockets full of gold.

"You'll remember, too, how 'Hell-and-Maria' got his sobriquet. He coined it himself when in testifying war conditions before a congressional committee, he used language more pungent than elegant. Now that he's gone into action on the budget, some of his friends are predicting he will make himself the biggest figure in the country in a few years, and will be the logical man for the G. O. P. nomination one of these days, after Warren G. Harding has no further use for said nomination.

Dawes, they'll tell you, is a composite of Billy Sunday and T. R. in action. He's full of pep, vim and vigor. He loves plain talk, and is without a two-fisted chap when he meets opposition. He'll talk back to congressmen, senators, cabinet members Presidents, without regard for consequences, when he thinks they need talking back to. He is an up-and-coming, persons who should be watched, for he's going to land somewhere, his earnest boosters say.

Raisins are given as medicine in India.

"Service and Satisfaction"

How About FLAT BEDS for Hauling Grain?

WE MAKE 'EM.

This is the Way to Make Every Buy a Bargain

BUY Advertised Goods. Only good goods, fairly priced, can stand the spotlight of publicity.

¶ A merchant or manufacturer would not dare to advertise merchandise that is poor in quality, poor in make or that will not give reasonable wear. The penalty of such tactics is too heavy. No goods—and no business concern—can thrive under the weight of public condemnation.

¶ A merchant places the whole reputation of his business at stake every time he advertises. Naturally enough, he is careful of what he says and when his statement is placed in the newspaper—where everyone in town may read—so that any untruth in it will be known to all of his employees and most of his friends—then you may be sure he is doubly careful.

¶ When you buy advertised goods you get a bargain because they must be as advertised.

¶ So it pays you to read advertisements.... Advertising protects you.

¶ Read the advertisements in this paper and get the best of the bargain.

SUICIDE DEATHS DECREASE YEARLY

Dr. Hurty Says Public Has More To Think of Now Than it Did Before The War

1916 IS RECORD YEAR

Statistics For First Six Months of 1921 Show Suicides Will be Below Number Last Year

(By United Press)

Indianapolis, July 18—The death rate among Indiana people from suicides is decreasing yearly according to information here today.

"Suicides are decreasing every year because the general public now has more to think of than it did before the war," Dr. J. N. Hurty, secretary of the state board of health said.

"Before the war people had a lot of time, in which to brood over their troubles. Now that we have peace, there are the things of the war, and the war aftermath to think about. This occupies their minds to some extent.

"Many people, who had no interest in life are becoming interested in the business conditions of the country and foreign nations and do not have time to think of every little stone that might roll in their path when they have larger things to think of."

More people committed suicide in 1916 than in any other year. This was due largely according to Dr. Hurty to the war conditions in Europe. Fewer people committed suicide in 1920 than in any ten previous years, according to the state board of health.

Suicides for the past nine years are as follows:

Years	Number of suicides
1912	458
1913	441
1914	478
1915	425
1916	484
1917	423
1918	339
1919	364
1920	283

Statistics for the first six months of 1921, show the suicides for the current year will be below the number of last year. The first six months of the current year show the number of deaths have dropped nine from last year's total.

CONFERENCE IS PLAYED

Japan's Leader Says Future of His Country Depends On It

(By United Press)

Honolulu, July 18—"Japan's future depends upon the Washington disarmament conference," former Prime Minister Okuma is quoted as saying in an interview printed by the newspaper Jiji.

"Failing in its object to curb Japan at the Paris peace conference," the Japanese statesman added, "America is attempting to check this country at the Washington conference."

"If Japan, standing on justice, finds the conference decidedly against her she may withdraw from it," the marquis concluded.

BRIGHT SPOTS IN NEWS

Miami, Okla.—Mrs. Sam Lankard became exhausted from searching all day for her baby whom she thought gypsies had stolen. She threw herself across the bed and discovered the baby underneath.

Jersey City—Big game hunters can get plenty of excitement killing Jersey rates, says John Bolte. A rat sprang at his throat and nearly had him when neighbors slew it.

Jersey City—George Koch, station master here, is bald today due to a thunder storm. A lightning bolt removed his hair and left him feeling just a trifle dazed.

Minneapolis—The Minneapolis postal service has been humanized. Drivers of parcel wagons were ordered today to weight all babies on their routes with postal scales.

Chicago—"Your speeding" said the cop.

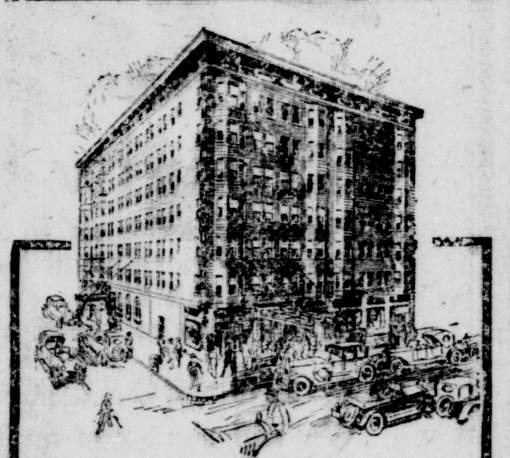

"My mother-in-law is dying said L. A. Stearns. Then he laughed. "Fifteen" said the judge.

Evansville, Ind.—A woman reported to Police Chief Wiltshire here today that a man in her neighborhood was making home brew. "As long as he is making it for

home consumption the offense is very small," the chief replied. "Chief," replied the woman indignantly, "I know that man better than you and he never did have consumption."

TO AUDIT PHONE CO. BOOKS

Indianapolis, Ind., July 18—The public service commission approved the petition of Fred B. Johnson, attorney for the city of Muncie, asking for a complete audit of the Indiana Bell Telephone Company's books, before the company's petition for higher rates is heard. The case will be postponed for at least two months, it is thought.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Rushville case:

Mrs. Maggie Teeters, 931 N. Sexton St., says: "I can say a good word for Doan's Kidney Pills. On all occasions they have given me the very best of results. I use Doan's whenever I had an attack of kidney trouble. My back is lame and sore at these times and it is hard for me to do my work on account of the sharp pains in the small of my back. My kidneys are weak and become too free in action. I get a box of Doan's Kidney Pills and they always give instant relief."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Teeters had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

PLANS MADE FOR BUREAU CHANGES

Harding Will Submit Scheme For Regrouping Government Bureaus When Cabinet Meets

SUGGESTS MANY CHANGES

Includes a Department of Public Welfare and to Change Prohibition Enforcement

(By United Press)

Washington, July 18.—President Harding is about ready to submit to his cabinet a tentative scheme for regrouping of the government bureaus.

The plan is expected to include the following recommendations:

Creation of a department of public welfare.

Transfer of the prohibition enforcement machinery from the treasury department to the department of justice.

Consolidation of all secret service activities under the department of justice.

Relocation of possible splitting up of the bureau of fisheries.

The plan which is being drafted under President Harding's direction by Walter F. Brown, will be revised by the cabinet and submitted to the joint congressional committee on reorganization which in turn will make additional changes and then introduce it in both Houses of Congress for further consideration.

The committee is giving a serious consideration to the proposal to create a secretary of national de-

More Clean Clothes
with less work and worry

The Eden

will show you—free

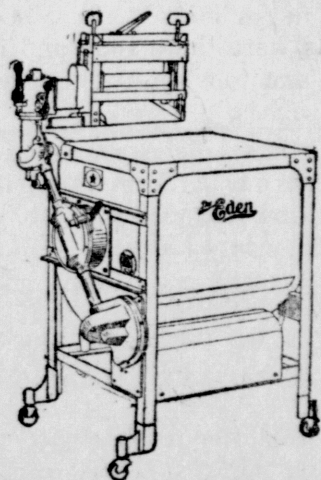

Phone or write us to show you how you can have more clean clothes and linens for yourself and family and at the same time reduce the expense of laundry work.

At no cost or obligation

We will send you an Eden next washday which will do your whole week's washing without a penny's cost to you or any obligation to buy. You will see how perfectly it cleanses your sheerest garments as well as your heaviest blankets without the slightest wear.

Don't delay in making your request

Let us know now what day to reserve for you. Remember—you are to pay nothing, sign nothing, nor are you obligated to buy. If you do want The Eden to remain in your home, however, you can own an Eden by our Easy-Payment Plan, by which you pay as you save.

HARDWARE

fense who would head both the army and navy departments.

Expected opposition to this proposal may result in this plan being held in abeyance until a later date.

Copulation of the aircraft services is another reform which will be vigorously espoused by the president in the reorganization program.

GRAND JURY SOON WILL MAKE REPORT

Evidence in Illinois Graft Scandal Will be Studied to See if Indictments Are Justified

LEGAL MINDS ARE AT WORK

(By United Press)

Springfield, Ill., July 18.—Some of the best legal minds in the state are at work today co-ordinating and arranging the mass of testimony given in the Sangamon county grand jury during its probe of the transactions in the state treasurer's office when Governor Len Small and Lieutenant Governor Fred Sterling held that office.

When the grand jury which recessed until next Wednesday morning returns the co-ordinated testimony and other necessary documents will be before it for a final decision.

The probing body will then consider the testimony as a whole and decide whether it warrants of indictments. If it is held to be insufficient not a true bill will be returned and the charges against Illinois state executives will have been repudiated.

SUSPECTED OF THIEVERY

Five Held at Detroit For Alleged Auto Ring Stealings

Minneapolis, Minn., July 18.—Five men said to be from Detroit, Mich., were held at the county jail without charges, in connection with alleged automobile thefts operating between the twin cities and Detroit. Five automobiles with Michigan license said to be stolen in Detroit were seized by the officers.

According to the officers, the cars were stolen in Michigan brought here and remodeled in a garage or the cars were stolen here and taken to Detroit.

The men under arrest are James Cardigan, Frank Cardigan, William Dewitt, Frank Pluff and Irvin Siam.

BETTER AFTER OPERATION

John Hiner, who was brought home last week from Indianapolis where he underwent an operation for gall stones, is improving rapidly.

Amusements

"The Devil's Passkey"—Princess

"The Devil's Passkey," is the title of the picture which will be shown tonight and Tuesday at the Princess theater and it is said to even surpass the play "Blind Husbands," which has almost the same caste of characters.

Comment on this production is given by an exhibitor, who says:

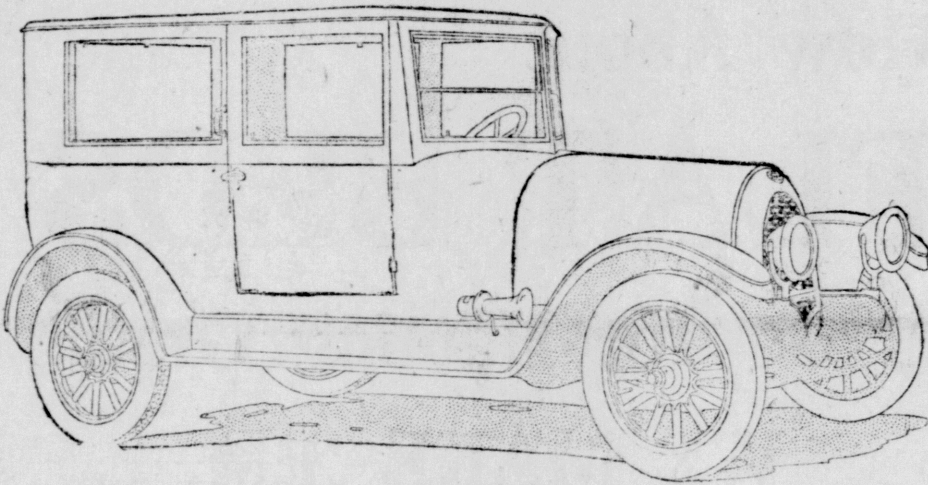

Among the men who give us here some of the finest characterizations the screen has even seen, Samuel De Grasse as Warren Goodwright—and Clyde Fillmore, as Captain Strong—completely fill the eye. You will say, after you have seen De Grasse prominent in a few scenes that here is an actor who mentally and physically lives his part through its every polished detail—a performance whose artistic finish has seldom been bettered on stage or screen. Likewise, the inherent manliness of Rex Strong, for all his wild oats so debonairly sown, is instantly appreciated in the clean-cut characterization given us by Clyde Fillmore. And to say this of these two is to say as much for every other player, down to the smallest part. "The Devil's Passkey" gives you cinema acting in its absolute perfection.

Buck Jones at Mystic

Buck Jones' riding and love-making will set the patrons of the Mystic Theatre in fine humor when he appears for the first time here in his latest William Fox production, "The One-Man Trail." The picture is like a page out of real Western life and will be seen at the Mystic today and Tuesday. The cowboys with their fun and their tricks give the spectators some hearty laughs. Their fun shows the reason for the expression "treat 'em rough" and though it is a milder form than the "treat 'em rough ideas of the boys who were fighting over seas it is still rougher treatment than any city chap would like to receive.

Buck Jones gets a dose of this rough treatment when he is bidding the "gang" farewell as he leaves the ranch to go home to see his mother. In the story Buck reaches home to find his sister Grace has eloped with a villain named Jim Crenshaw—who also has slain his father. Buck jumps on his horse and rides away to bring his sister back and "get" Crenshaw while he is getting his sister. While he is doing this Buck falls in love with pretty Cressy, and thus adds to his work, because Crenshaw, having tired of Grace, is making evil eyes at Cressy.

All these scenes give Buck an opportunity to show what a clever and daring horseman he is, and he thrilled the patrons of the Mystic Theatre more than once.
